

Sequa Corporation Announces That Their Precoat Metals Division Has Acquired U.S. Coaters

ST. LOUIS--(BUSINESS WIRE)--June 18, 2007--Sequa Corporation (NYSE: SQA-A) today announced that its Precoat Metals division has acquired the business and the assets of U.S. Coaters, LLC, located in Granite City, Illinois.

Gerard M. Dombek, President of Precoat Metals, stated, "We have been associated with the U.S. Coaters enterprise for many years and we are very pleased to take the next logical step in this relationship. The laminating equipment has been installed and operated on one of our coating lines since its inception, and now this acquisition gives us full control over the use of these assets. This capability provides an excellent complement to the laminating capabilities of our McKeesport, PA facility. In addition to providing extended and improved service to the current U.S. Coaters customers, we are excited about the opportunity to further penetrate new markets and new applications."

Precoat Metals is a leading supplier of coil coating services to the building products, container, transportation, appliance, and manufactured products industries. Precoat Metals operates plants in St. Louis, MO; Granite City, IL; Houston, TX; Jackson, MS; Portage, IN; and McKeesport, PA.

Sequa Corporation is a diversified industrial company with seven business units organized around six operating segments: aerospace, automotive, metal coating, specialty chemicals, industrial machinery, and other products.
